

What does RS2010 mean for the voluntary and community sector in Lancashire?

**Friday 29th January 2010
9:30am – 1pm (including lunch)**

RS2010 provides the North West with a unique opportunity to bring together its spatial, economic, social and environmental strategies and build a new long-term vision for the region. The goal is to produce an agreed strategy for the region which will guide action and investment by Business, National and Local Government and the Voluntary and Community Sectors.

This event will look at Part 1 of RS2010 which has been produced following the consultation on the Issues & Principles Paper during 2009. Over 50 groups took part in the first consultation and our contribution is evident within Part 1 of RS2010.

At this free event partners from the key regional agencies will give a brief overview on RS2010 and a presentation on the key points in Part 1. You will have the opportunity to feedback to regional partners and this offers us an opportunity to discuss the shared priorities important to Lancashire's development.
